History focuses on the conflict between ninjas of all villages and the terrorist organization known as Akatsuki as a world war begins among groups. Its gameplay keeps elements of Ultimate Ninja Storm 2 (such as fast time events), adding hack and slash scenarios and options to increase battle difficulty. A re-release (Naruto Shippuden: Ultimate Ninja Storm 3 Full Burst) was released on 22 and 24, 2013 in North America and Japan, respectively. Its European version was released more than three months later, on 31 January 2014. The game had positive reviews and good sales, surpassing its predecessors from the series. Critics praised the return of boss battles from Storm 2, Ultimate Decision mechanics and improved graphics and controls. The reception of the development of the plot, based on the number of cutxins, was mixed. The lack of depth in combat mechanics and the underuse of hack and slash were criticized. A sequel, Naruto Shippuden: Ultimate Ninja Storm 4, was released in 2016. In 2017, CyberConnect2 reissued againthe first two Storm games as trilogy. The game was also released online that year. Game Sasuke Uchiha face multiple enemies in a battle of mafia The game has 80 playable characters and seven support characters (81 playable characters and seven support characters in Full Burst) [3] The fighting system has been modified,[4] with the awakening mode, giving each character enhanced abilities when their health is low and usable by some characters during a fight. The element system has been reorganized, so a player can choose between healing and offensive objects. While the game progresses, the player can store objects to use in combat. [5] As previous games, a player can choose two characters to assist the player’s character in battle. The assistance characters can help the playable one with thirteen combos. In the team attack system, a player can use the support characters to charge and attack. The assistants have health bars, losing health when they are affected and becoming unusable when their health bars are exhausted. If a player has a support character, he has ten health bars; if a player has two supporting characters, each has five health bars. Many arenas are interactive, making a player lose a fight if they leave an area. [6] The story mode is similar to Naruto Shippuden: Ultimate Ninja Storm 2 rather than the previous game, Naruto Shippuden: Ultimate Ninja Storm Generations; is equipped with boss battles, including fast time events requiring strategy to defeat the opponent. [7][8] The Ultimate Decision Mode has the option of changing battle difficulties, with higher scores if you choose a greater difficulty. [5] The game has mafia battles, in which the player controls a character who must fight a series of enemies.this mode, regular fighting controls are maintained and the player can carry to another enemy after he defeats one. [9] The Ultimate Ninja Storm 3 plot begins with the attack of the Ninja Konohagakure village ninja queue Demon Fox while its former leader, the third orcaggioSarutobi, try to stop him. The current leader of Konohagakure, Fourth Hokage Minato Namikaze, faces the masterminds behind the attack: Madara Uchiha and fox. The story then moves to a certain time after Ultimate Ninja Storm 2’s: The five ninja village leaders face Sasuke Uchiha, who intends to kill the Danzo Shimura acting tribute. Madara saves Sasuke and declares a world war against Ninja forces. In the next chapter, Sasuke’s former comrades try to kill Sasuke until Naruto Uzumaki convinces him to have a death match. Naruto trains to gain the power of the fox with the help of Killer Bee and the spirit of his mother, Kushina Uzumaki. The Fourth World War ninja begins, with the ninjas in front of the army of Madara of Zetsu and the reanimated warriors of Kabuto Yakushi. When Naruto and Killer Ape goes to war, Kabuto raises the original Madara Uchiha and reveals that the “other Madara” is an impostor. While the five Kages withdraw Madara, Naruto defeated the false Madara forces. After the end of the story mode, a secondary story reveals that Sasuke joins the war. It changes the sides when it allies with the reanimated body of his brother, Itachi, to defeat Kabuto and send his forces to the afterlife. The Hiroshi Matsuyama development promised the return of the “epic boss battle”. The new Naruto game was first broadcast online in Weekly Shōnen Jump magazine in June 2012, with Namco Bandai Games confirming it was Ultimate Ninja Storm 3 shortly after. [10] With the announcement, Yusuke Sasaki of Namco Bandai promised improvements to the combat system and the story mode. [4] To make areas more interactive and add strategy to fighting, staff added the ring-out option. [11] The story mode was developed to be accessible to non-family players with the Naruto series. [8] CyberConnect2 CEO Hiroshi Matsuyama hathre return of “epic boss battles” absent from Naruto Shippuden: Ultimate Ninja Storm Generations. [12] Bandai promoted graphic improvements in infirst trailer, published in July 2012. [7][13] two alternative costumes for Uzumaki naruto (a samurai dress and the dragon ball goku uniform) were based on illustrations of kishimoto masashi that were published in shonen jump and an art book. they attracted producer yuki nishikawa, who consulted other members of the company to include them in the game. [11] in August 2012, cyberconnect2 started a forum of suggestions on their website that asked players around the world to say what they wanted to see in ultimate ninja flock 3 and the upcoming naruto games. [14] feedback was used to create the game. [11] in Comic-Con international in July 2012, representatives of Namco bandai games america confirmed plans for a March 2013 release in North America. [15] the first copies of the game included a code to download six costumes: a goku costume, a samurai dress for naruto uzumaki, a street for ninja costumes for hinata hyuga and sasuke uchiha, a kimono for sasuke, swimwear for sakura haruno and tsunade, a Japanese uniform for sakura, and anbu costumes for kakashi hatake and unde. the game was released in regular form and in two limited editions which included action figures and soundtrack. [18][19] the downloadable content is available for the game, a new addition to the series. all released content are new costumes for existing characters. pre-orders for the game included a code to download the goku’s turtle school uniform for Uzumaki naruto. the players who have subscribed the weekly shonen jump or neon alley in the north America have received a code to download the samurai costume for naruto, a kimono for sasuke uchiha, a school uniform for sakura haruno, a costume for tsunade and anbu costume for itachi uchiha; These costumes were included with the goku costume in Europe. on 26 March 2013, a school uniform pack was publishedNorth American and European PlayStation Store with school uniforms for Hinata Hyuga, Kakashi Hatake, Ino Yamanaka, Naruto and Sasuke. Straw Hats Akatsuki AkatsukiDeidara, Itachi and Kisame Hoshigaki and a mantle ripped for Pain were released on April 2, 2013 as part of the Akatsuki Hats Pack. Five costumes for Naruto and one for Sasuke were published on April 9, 2013, each based on traditional clothing from cultures around the world. New costumes for Hinata, Jiraiya, Kakashi, Madara Uchiha, Orochimaru, Sasuke, Yamato and Tsunade were made available for download on April 16, 2013, some of which were from the ninth film Naruto (Road to Ninja: Naruto the Movie). On April 23, 2013, an inspirational costume Hello Kitty for Sakura and a costume costume package for Hinata, Ino, Sakura and Temari were released. The latest DLC for North America and Europe (Kage Hats Pack) was released on April 30, 2013, with Danzo Shimura, Gaara, Mizukage, Raikage and Tsuchikage. Most of the costumes published bundled in North America and Europe are available for purchase at the Japanese PlayStation Store. [20] ReceptionAggregate United States of America[21]X360: 70/100[22](Full Burst) PS3: 73/100[23](Full Burst) X360: 66/100[24](Full Burst) PC: 80/100[25]Review scoresPublicationScoreDestructoid[26]GameSpot[6]1027] [33] [34] More than two million copies of Naruto Shippuden: Ultimate Ninja Storm 3 were shipped worldwide by 28 August 2014; sold a million copies in North America, 750,000 copies in Europe, and 250,000 copies in Japan.[35] The game was well received, with an average score of 77/100 on Metacritic for the PlayStation 3 and an average of 70/100 for the Xbox 360 version. [30] His battles of cinematic bosses were praised, especially those of explorationBackground of the series.[30][26] His presentation was contrasted with his predecessor, Storm 2. Despite finding the Storm 3 plot below Storm 2, Destructoid found it still one of the best anime-based games based on its graphics and fighting. [26] Other sites had mixed responses, due to the amount of dialogue and length of the skins.[31][27] GameTrailers felt that exposure and lack of visual appeals made Storm 3 fail to show the appeal of manga and anime; his combat system was simplistic and his soundtrack unsuitable. [29] However, Play called it the best Naruto game ever released. [36] The addition of the decision mode was well accepted, as it could increase the difficulty of the game. Noting that newcomers might not understand the plot of the game, revisitors could make it easier to grasp.[28] Age appreciated the graphics and cast, saying it exceeded the Ni no Kuni of Level-5. Although hack and slash were more fun than Ultimate Ninja Impact, its scarcity was criticized. [32][31] Despite the number of characters, the technical depth of the fight was also criticized.[27] Gaming Union found the presentation of the story similar to Storm 2, with limited exploration and few lateral missions. [31] Legacy On July 4, 2013, Namco Bandai Games Europe announced Naruto Shippuden: Ultimate Ninja Storm 3 Full Burst, available in a downloadable retail or add-on package and with PC support. CyberConnect2 called it a "director cut" version of the original Storm 3.[37] The game has a number of additions, including enhanced cinematographics, 38 additional costumes, multiple missions and a playable character, and an additional chapter in story mode. A new decision mode allows a player to choose their fate: Legend (hard) or(easy). It was released on October 22, 2013 (25 October 2013 for PC via Steam) in North America, on October 24, 2013 for PS3 and Xbox 360 in Japan, and on January 31, 201425, 2013 for PC via Steam) in Europe.[38] Full Burst scored 80 out of 100 on Metacritic.[25] Vandal praised the improvements of Full Burst, in particular the fight between the Uchiha and Kabuto brothers. [39] Worthplaying found the new missions and attractive online features, but he thought that only Naruto fans would buy it. [40] According to the Siliconera site, many players wanted to control the reanimated Kages that debuted in Storm 3 as enemies, but CyberConnect2 focused on Sage Kabuto Yakushi in Full Burst. [41] A sequel, Naruto Shippuden: Ultimate Ninja Storm 4, was released in early 2016. [42] Bandai Namco published Naruto Shippuden: Ultimate Ninja Storm Legacy, which contains Storm 3, on August 25, 2017. Storm 2, its prequel and its sequels were published online at the same time.
